## ***MICHAEL TRAINOR***

***Artistic Director of LeftCoast***

We offer a warm welcome back to Michael who is going to talk about an ambitious new project – '***Kong Live***'

King Kong was born in Blackpool (find out more at the meeting), and a new story is being written by Frank-Cottrell-Boyce (who wrote the opening scenes of the Olympics) about bringing him home.

From the launch in September 2017, over 12 months the story will unfold in episodes, and through big and small events, performances and small film releases the story will tie together.

This is an exciting project for all of Blackpool and Wyre to present positive stories about the area and our ambitions and it will bring the world's media to our door. It's a great opportunity for local residents and local businesses to be part of the story, and we're looking forward to the Rossall Beach Group being involved!

**This interesting presentation is open to everyone - no need to be a member of the group.**
